### DETAILED ACTION

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on 14 March 2003 has been entered.
2. Claims 1-8 and 10-28 remain allowed.
3. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
4. Claims 9, 29 and 30 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention. Claim 9 is indefinite because it recites that "said solvent system is comprised of alcohols, ketones, tetrahydrofuran, dioxane, ethylene glycol monomethylether, 2,2'-didimethoxyethyl ether or mixtures thereof", which include components other than the "from 0.01% to 20% by volume of tertiary amine or water" required by claim 8. Claim 29 is indefinite because it recites that "said solvent system further contains up to twenty percent tertiary amines", however, claim 8 (from which claim 29 ultimately depends) already recites that the solvent system contains "from 0.01% to 20% by volume of the tertiary amine or water". Thus, claim 29

Art Unit: 1724

recites a limitation that is already included in claim 8. Claim 30 is indefinite because it depends from indefinite claim 29.
